Leadership Fast Track Program

ACCELERATING YOUR ABILITY TO LEAD AND DELIVER IN THE REAL WORLD

Every organization has them. People who are high potentials—those that show the promise of being able to have even greater influence on the job. Or people who are in leadership roles but they need someone to partner with to help them be even more effective.

The **Leadership Fast Track Program** is designed for business professionals who want to **accelerate** their ability to lead their teams, **influence** others, and **deliver** results. We will turbo charge your ability to

lead with confidence, take focused action, and achieve the results you desire.

We combine insightful assessments, practical learning sessions, and one-on-one executive coaching to help you take the next step up in your ability to lead and deliver. **Contact Andy Kaufman, PMP at (847) 331-8936** to learn how you can participate in this year's program.

accelerating your ability to lead and deliver

OUR LEADERSHIP DEVELOPMENT MODEL

We have found that success in business relies heavily on two factors. First, you must **Deliver Results**. Anyone can talk a good game—leaders must deliver.

But beyond delivery, the best leaders are successful because they also **Develop Capability**. This means they are focused on developing their own skills, developing leaders around them, and developing the overall organization by improving processes.

DEVELOPING LEADERS

The Leadership Fast Track Program helps participants **Deliver Results** and **Develop Capability** through a holistic approach. We combine insightful **Assessments**, practical **Workshops**, helpful **Reinforcement**, and one-on-one **Coaching**.

This approach allows leaders to take whatever **Experience** they bring to the program and build upon it as they see the important leadership skills taught and **Modeled**.

PROGRAM COST

The investment to participate in the Leadership Fast Track Program is \$2499. **Early-bird registrations (before May 31) receive a \$250 discount plus some additional free e-learning (see website for details). Discounts are also available for multiple participants from the same organization.**

The program fee includes the 360-degree assessment, learning sessions, and two one-on-one coaching sessions. Additional coaching sessions can be added for a fee.

NEXT STEPS

It would truly be our pleasure to help accelerate your ability to lead people and deliver projects. Thank you for exploring the Leadership Fast Track Program!

Contact Andy Kaufman at (847) 331-8936 (or andy@i-leadonline.com) to learn more about the program and to sign-up one or more participants from your organization.

We look forward to working with you!

ONE-ON-ONE COACHING

The Leadership Fast Track Program includes two one-on-one coaching sessions with Andy Kaufman, PMP. Andy has helped over 200 executive coaching clients improve their ability to lead and deliver. Our coaching allows customized focus on each participants unique needs for the program.

WEB-BASED WORKSHOPS

Our learning sessions are live, but held over the web. The idea is to minimize the amount of time you spend away from the office while maximizing the practical learning. It also makes the program available to you wherever you live. Not able to attend a session? No problem. They're recorded for later viewing.

ASSESSMENT

Our executive coaching process includes the use of a 360-degree leadership assessment. The tools are available online so they can be taken at your convenience. The assessment helps you and the coach get up-to-speed quickly on how to best help you grow.
